

cattle weaning pellets

safe balanced feed

Johnson's cattle weaning pellets are a hay/grain balanced production pellet specifically formulated for growing weaned calves.

A balanced complete feed, processed with hay, straw, cereal grains, legumes, molasses, vitamins and a mineral reduces the risks associated with selectivity and provide a safe diet high in energy and protein for growth and development.

Benefits of Hay/Grain Based Pellets

- ✓ Fibre stimulates rumination and reduces the risk of acidosis
- ✓ Weaner cattle do not require additional access to hay or straw once accustomed to pellets
- ✓ The pellets are formulated with macro and micro minerals and vitamins
- ✓ Reduced wastage

Typical Analysis (DM basis)

Energy (Ruminant ME)	12MJ/kg
Crude protein	16%
Equivalent crude protein	1.7%
Urea	0.6%
Monensin	20mg/kg

Ingredients Selection

JT Johnson and Sons range of feeds have been formulated from a selection of the following ingredients; barley, wheat, oats, legumes, almond hulls, oat meal, legume hay and straw, cereal hay and straw, molasses, vegetable oil, vitamin and mineral premix.

Direction for Use

- Cattle should be given a minimum of 3 days free access to high quality hay prior to introduction to Cattle Weaning Pellets
- Hay Gradually introduce the pellets over a 7-10 day period with hay or straw remaining available to cattle during this time Hay/straw can then be removed, and pellets fed ad-libitum
- Expected intake is 2.5-4% of liveweight per head per day
- Ensure clean fresh water is always available

WARNING

This product contains monensin for improved feed efficiency and as an aid in the control of bloat. Dogs, horses and other non-target species must not be allowed access to feeds containing monensin - ingestion may be fatal in these species.

THIS PRODUCT DOES NOT CONTAIN RESTRICTED ANIMAL MATERIAL

Withholding Period

Meat - Nil

Pellet Presentation

- ✓ 9mm diameter

Order Size

Bulk
Bulk bags 1t or 1.2t
20kg bags

Storage

Store in a dry, cool place that is free from pests and vermin
Best used within 6 months of the date of manufacture
